

Homework

due on Friday, October 26

Read section 2.2.4 in Cameron's book and sections 4.1, 4.2, 4.3 in Lauritzen's book.

Solve problems 25,26, 31 (skip part iv) on pages 182-183 in Lauritzen's book.

Remark: In the problems the notation \mathbb{F}_p is used for the field \mathbb{Z}/p of integers modulo p .
