

Math 148 - Elementary Bio Stats

Spring 2018 Homework 13

Exercises Ch.24 on p.680: Problems #2, #4, #6, #10, #12, #22, #38, #44

Exercises Ch.25 on p.718: Problems #2, #4, #6, #18

Note that the page number references are taken from the instructor's edition and they may be slightly off.

all answers to the textbook exercises must be typed by computer, except that you may do drawings by hand (**use a ruler!**). Note though that it would be easier and faster to use a program like Excel or StatCrunch to create box plots, etc.

Note on DVB homework: Assignment MATH-148-CH-26 has been published concurrently with this assignment. It will not be graded and the purpose is to provide you with additional opportunities for practicing. This is true in particular for the assignment of ch.9 which is entirely about re-expression, a topic we do not address in this course.
