Subject: Cengage: Temporary access expiring for students

Hello,

I hope the start to your fall semester has been seamless. Now that students have had time to purchase access to your **WebAssign** course, I want to share an update on how many students remain unpaid. Please communicate to your class(es)

that their **temporary access ends on 8/24/2023**.

All progress will be saved, but they must purchase **WebAssign** or Cengage Unlimited to regain access for the semester.

Course name: **Math 447 Section 02 - Michael Fochler 02**

Number of students enrolled: **36**

Number of students paid: **27**

Number of students unpaid: **9**

If students have any questions, please direct them to our Student Office Hours.
